FEDERATION OF CEPHALONIANS ODYSSEYS

April 23, 2015

Dear Presidents of Member Federations and Delegates, honorable members of HANC:

As HANC is poised to celebrate its 25th anniversary since it was founded, recently there have been a few individuals who conspired to illegally abolish HANC and to form a new organization to represent all the Greek American Federations worldwide. Their hunger for power and control and their distaste for certain individuals currently at the helms of HANC, drove these individuals to act against everything decent and beneficial to the common interests of the OMOGENIA, disregarding our mantra "Υογχυσ εν τοι ενωσση", and promoting desolation and bewilderment to so many of us who have worked for years to contribute to the betterment of this worthwhile organization.

These events are very disturbing to us. Based on the decisions made by the executive board during a national teleconference yesterday (4-23-15), we are announcing the following action items:

- 1) You are all invited to participate in a national conference on Saturday, May 9, 2015 in New York, at the Cretan House on 31<sup>st</sup> Street and Broadway, Astoria, NY., during which the following will be discussed and decided:
  - a) Calling everyone to participate in the Constitution committee review
  - b) Review and acceptance of proposals of changes in the HANC's Constitution
- 2) Elections of HANC
- 3) We are planning a 25 year celebration event in Washington, DC on June 13, 2015 Event, during which a book of the history and accomplishments of HANC will be presented with messages from all Federation Presidents and their Board of Directors and Delegates.
- 4) Planning of an election/dinner event following that.

We are listing all the people and organizations invited to attend these events, (listed on our letterhead) so that you can see if in your opinion there should be anyone additional that we may have inadvertently excluded that we can add to the invitees.

WE are extremely interested in doing everything in our power, to enhance, improve and rejuvenate this organization by being inclusive, cooperative and in the spirit of "everyone is important" and can contribute to accomplishing the goals of HANC.

Very Truly Yours,

Paul Kotrotsios, Presidene  
HANC / HELLENIC AMERICAN NATIONAL COUNCIL  
610-202-4465
